

# CAMILLE DIEZ

Manila, Philippines – [diezcami@gmail.com](mailto:diezcami@gmail.com) – <http://diezcami.me>

---

## EDUCATION

### Ateneo de Manila University

B.S. Computer Science, Dean's Honors List (3 semesters)

Quezon City, PH

Graduation: May 2017

### Hong Kong University of Science and Technology

International Summer Exchange Program

Clear Water Bay, HK

Jun 2015 - Aug 2015

---

## WORK EXPERIENCE

### Ateneo de Manila University

Summer Programming Camp: Teaching Assistant

Apr 2015 - May 2015

- Answered programming-related questions raised by students throughout the program, and personally assisted those who were not able to understand certain concepts during lectures and exercises.
- Handled registrations, formulated programming exercises and created props and decorations for the event.

### Triangle Enterprises

Software Developer

Mar 2015 - Jun 2015

- Worked with the head of the company to design and implement a DBMS using Ruby on Rails with MySQL, expediting and increasing the accuracy of the company's inventory and stock based processes.
- Created a web crawler using Python that reports potential inventory investments, reducing the amount of unsold company stocks and increasing overall profits.
- Performed miscellaneous errands including, but not limited to managing sales staff, drafting company letters and organising several files related to the business.

Software Development Intern

Mar 2014 - Jun 2014

- Implemented an automated document printing program using VBA, removing the need for sales staff to manually cross check documents and receipts.
- Created a program using VBA that creates acknowledgement receipts and updates inventory stocks in a database, increasing the overall productivity of the staff.

---

## EXTRACURRICULAR ACTIVITIES

### Computer Society of the Ateneo

Development Team, Project Head

Jun 2014 - Present

- Designed, implemented and deployed websites and applications for various clients in and out of campus.
- Coordinated with GitHub representatives to spearhead the planning and execution of **Patchwork Manila 2015**.

### Sanggunian ng mga Mag-aaral ng Ateneo de Manila (University Student Government)

Central Board Representative, Committee on Academic Affairs Co-Chair

Jun 2013 - Mar 2014

- Reviewed budget proposals and allocated budgets to fund projects of various university organisations.
- Designed, implemented and presented the Beadle Management System, a database containing information regarding a course's professors and student representatives, allowing for easier look-ups and data storage.

---

## PROJECTS

### Open Source Contributions: <http://www.github.com/diezcami>

Multiple Languages and Frameworks including Java, Python, Bash, CSS/HTML, etc.

- Added features, resolved issues and refactored the source code of various repositories through pull requests.
- Adapted to new project environments daily by spontaneously learning language features, frameworks and coding practices from studying production code in repositories.

### Personal Blog: <http://diezcami.me>

Javascript, CSS(SASS)/HTML, Markdown

- Deployed a blog using Jekyll for static HTML generation, CSS(SASS) for the front end, and Markdown for content.
- Wrote articles across the following tags: C++, Java, Git, Go, Unix, Programming
